DEGREES

- Master Degree : Biology Molecular and Cellular : Genetic pathologic
- Bachelor of Life Sciences: Genetics and Cell Biology 2022
- Rowing instructor 2018

LANGUAGES

- English : B2

TOOLS

- Computing : Microsoft office
R Studio/ Anaconda
SnapGene
Fiji
FlowJo
- ADN/ARN : PCR/RT-PCR
3C conformation
HiCut (mixte HiC/ChiP)
TapeStation
- Protein : Western Blot
Immuno-Precipitation
- Others : ImmunoFluorescence
FACS
Cell culture

SKILLS

- Organizational skills
- Self-starter
- Persevering

WORK EXPERIENCES

INTERNSHIP M2 : ENS LYON, LBMC AUBOEUF TEAM
JANUARY/JUNE 2024

- Independent Project Work
- Development of a HiCut technique to study changes in spatial contacts between genes caused by the binding of a viral oncoprotein
- Studies of potential protein contacts after transfection of an HTLV1 virus oncoprotein

INTERNSHIP M1 : BRIC, TEAM 9 ITALIANO SARCOTARGET
JANUARY/FEBRUARY 2023, BORDEAUX

- Working independently and as part of a team
- Study of an ADCC-type treatment for sarcoma
- Consolidation of laboratory bases in Cell Biology and Genetics

STARBUCKS, BARISTA

CDD - JULY/ AUGUST 2023

- Bar management and cash management
- Team management

HOBBIES

PRESIDENT OF THE MASTER BMC ASSOCIATION

2022 - 2024

- Communication link with students, professionals, partnerships
- Administrative and treasury manager

ROWING, NATIONAL-LEVEL PRACTICE

2012 - 2019

- Intensive training and refresher courses
- 12th at the French championship in 2016
- 23rd out of 94 at the rowers' cross in 2018

SCOUTS OF FRANCE

3 YEARS
